More than a recipe book of techniques that group leaders can pull out at the right time, this book encourages readers to use techniques sensitively and creatively in their own groups, and to go one step further to invent their own techniques. The authors draw on their combined experiences as teachers, as consultants to mental-health professionals, and as private practitioners to provide a realistic approach to group work. Emphasizing that techniques are means, not ends, the book is designed to enhance the group leader's ability to generate a therapeutic and human rapport between leader and members. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Honest and inspiring, I NEVER KNEW I HAD A CHOICE: EXPLORATIONS IN PERSONAL GROWTH, 11th Edition, is an invitation to personal learning and growth -- and a roadmap to lasting change. Research-based, yet written in a personal, encouraging tone, the book helps students examine the choices they've made, expand their awareness of the choices available to them, and choose where to go next. Emphasizing the role of personal responsibility and choice in creating a meaningful life, the text explores a wide variety of key topics, including personal style of learning, the effects of childhood and adolescence experiences on current behavior and choices, meeting the challenges of adulthood and autonomy, and many other issues related to personal growth and development. Self-inventories, exercises, activities, and first-person accounts of difficult choices real people have made give students invaluable insight into their lives, beliefs, and attitudes in a personally empowering way. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

THEORY AND PRACTICE OF GROUP COUNSELING, 9th Edition, gives students an in-depth overview of the eleven group counseling theories. In addition to illustrating how to put these theories into practice, this best-selling text guides students in developing their own syntheses of various aspects of the theories. With Corey's clear, straightforward writing style, students are able to grasp each theoretical concept and its relationship to group practice with ease. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

In this practical manual, the Coreys draw on their extensive clinical experience in leading groups and training group leaders to provide a hands-on resource full of examples, guidelines, perceptions, insights, and ideas on both the UUhow toUU and the UUwhyUU of group counseling. Well known for a down-to-earth, personal writing style and clear, straightforward presentation of basic issues and processes, this book and Corey's Theory & Practice of Group Counseling were rated the two most widely used group texts in a survey conducted by Sampson and Liberty in the December 1989 issue of Counselor Education & Supervision...Included in discussion are: practical strategies that can help create and maintain trust in groups; ways to deal therapeutically with the many forms of resistance leaders encounter; strategies for helping group members translate what they learn in groups to their everyday lives; ethical issues and problems that can arise in group work. The final section describes actual group sessions in a wide variety of specialized groups, including groups for children of divorce, for women with a history of incest, and combined groups for adolescents and the elderly..

Ten theories of counselling are presented in this volume, aimed to help students develop a personalised style of counselling. There are chapters on psychoanalytic, Adlerian, existential, person-centred, Gestalt, behaviour and family systems therapy.

Ideal for anyone embarking on or considering a career in the helping professions, BECOMING A HELPER, Seventh Edition, provides an overview of the stages of the helping process while teaching students the skills and knowledge they need to become successful helping professionals. Drawing on their years of experience, Corey and Corey focus on the struggles, anxieties, and uncertainties students often encounter on the road to becoming effective helpers. They also emphasize self-reflection on a number of professional issues. Finally, the authors help students decide if a career in the helping professions is right for them by asking them to take a candid look at the demands and strains they'll face in the field.
