It's all in the title. Layman's Guide to Workforce Management is a humble attempt to guide the path of the unlearned in the rocky terrain of Workforce management. It can be effectively said that it converts laymen into managers. It is unfortunate that these areas of business affairs have been badly presented in some learning situations, to the extent that many people consider them to be too difficult to understand or enjoy. That shouldn't be the case. The simple, explicit, detailed, and down-to-earth approach adopted in the book will no doubt help in laying a solid foundation for people at all levels. It kick-starts with a basic and detailed treatment of the concept of Forecasting which sets the much needed personal tone and foundation for the book. Like a professional bricklayer, the author discussed the technique of scheduling and rostering while he used the other chapter to discuss the importance and proper deployment of personnel. Book is built taking the ITES -BPO/Call center WFM as the base. This book will also be useful for professionals as it is spiced with tips and tricks necessary to provide adequate nuances for the knowledge gleaned from each chapter. It is guaranteed that the reader would be filled with knowledge at the completion of the book.

A comprehensive WFM guide, written by Tiffany LaReau and told through her experiences, trials, and errors during her 30+ years as a WFM consultant.

Tools and strategies for hiring, training, supporting, and motivating the fast-growing modern mobile workforce, which in 2011 will surpass 1 billion worldwide Clemons, a leading training solutions innovator, outlines the eight essentials for creating and sustaining a passionate and productive mobile work force Includes sections on choosing the right technologies to enable and empower mobile workers

Packed with 52 discoveries from Gallup's largest study on the future of work, It's the Manager shows leaders how to adapt their organizations to rapid change, ranging from new workplace demands to managing remote employees, a diverse workforce, the rise of artificial intelligence, gig workers, and attracting - and keeping - today's best employees. Who is the most important person in your organization to lead your teams through these changes? Gallup research reveals: It's your managers. While the world's workplace has been going through extraordinary historical change, the practice of management has been stuck in time for more than 30 years. The new workforce - especially younger generations - wants their work to have deep mission and purpose, and they don't want old-style command-and-control bosses. They want coaches who inspire them, communicate with them frequently, and develop their strengths. Packed with 52 discoveries from Gallup's largest study on the future of work, It's the Manager shows leaders how to adapt their organizations to rapid change, ranging from new workplace demands to the challenges of managing remote employees, a diverse workforce, the rise of artificial intelligence, gig workers, and attracting - and keeping - today's best employees. Who is the most important person in your organization to lead your teams through these changes? Decades of global Gallup research reveal: It's your managers. They are the ones who make or break your organization's success. When you build great managers -- ones who can maximize the potential of every team member -- you will see organic revenue and profit growth, and you will deliver to a every one of your employees what they most want today: a great job and a great life. This is the future of work. It's the Manager includes exclusive content from Gallup Access -- Gallup's new workplace platform, chock full of additional content, tools, and solutions for business. Your book comes with a code for the CliftonStrengths assessment, which will reveal users' Top 5 strengths.

Advance praise for Motivating the "What's In It For Me?" Workforce "The information on leading and managing generations found in this book is invaluable to all executives today. The war for talent has become increasingly fierce. Attracting and retaining this talent is critical to a successful global company. This book is a masterful tool for developing the skills required for managing multigenerational teams. It is a must-have for executives at all levels who are responsible for a company's greatest asset: its people." --Phebe Port, Vice President Global Management Strategies,The Estee Lauder Companies "Motivating the 'What's In It For Me?' Workforce has given our managers good ideas about leading the different generations in our workplace, particularly the New Millennials who we at Enterprise are especially reliant upon to grow our business every single day and, ultimately, become our company's future leaders." --Marie Artim, Assistant Vice President Recruiting, Enterprise Rent-A-Car "After Marston presented to our management group, approximately 400 individuals, and after we responded to the clamor for his book, it became commonplace to hear people discussing solutions to problems based on generational considerations. There aren't many people discussions that occur today where we don't at least consider differences between Baby Boomers, Millennials, etc. He really changed our way of thinking!" --Anne Donovan, U.S. HR Leader,Systems and Process Assurance, PricewaterhouseCoopers "If you ever had any doubt that generational differences have an impact on go-to-market strategies, Marston's book, Motivating the 'What's In It For Me?' Workforce, provides thought-provoking realities you need to consider. This is a must-read. . . . At our Sales Leadership Conference, Marston gave our top sales managers actionable ideas on how to gain better understanding of what drives today's workforce to take direct action and deliver exceptional results." --Damian A. Thomas, General ManagerCorporate Sales Leader, General Electric Company

Do you think of your company's talent as an investment to be managed like a portfolio? You should, according to authors Becker, Huselid, and Beatty, if you're interested in strategy execution. Many companies fall into the trap of spending too much time and money on low performers, while high performers aren't getting the necessary resources, development opportunities, or rewards. In The Differentiated Workforce, the authors expand on their previous books, The HR Scorecard and The Workforce Scorecard, and recommend that you manage your workforce like a portfolio - with disproportionate investments in the jobs that create the most wealth. You'll learn to: Rise above talent management "best practice" and instead create a differentiated workforce that can't be easily copied by competitors Differentiate those capabilities in your company that are truly strategic Identify your wealth-creating "A" positions Create a new relationship between HR and line managers, and articulate the role each plays in a differentiated workforce strategy Develop the right measures for your organization Based on two decades of academic research and experience working with hundreds of executives, The Differentiated Workforce gives you the tools to translate your talent into strategic impact.

Axiom Business Book Award Silver Medalist in Leadership [] Soundview Best Business Book A "Highest Rated CEO" who has transformed his organization into a billion-dollar company and a "Top Place to Work" shows leaders how truly prioritizing employees isn't just good for employees—it's good for business. Imagine a company where everybody loves to work, where employees feel not just "satisfied" but truly cared for, respected, and energized. Think of the impact this would have on recruitment, retention, customer satisfaction, innovation, and overall performance. Aron Ain, the award-winning CEO of Kronos, a global provider of workforce management and human capital management cloud solutions, believes that anything is possible when people are inspired. By embracing employee development and engagement as a growth strategy, Ain transformed his company's culture and built a billion-dollar business. This book takes leaders and managers inside Kronos's highly admired WorkInspired culture, showing them the surprisingly simple rules to follow to replicate that success. Ain's inspiring guide reveals the best practices that have earned Kronos distinctions on coveted lists, such as Glassdoor's 100 Best Places to Work, Fortune's 100 Best Companies to Work For, Forbes's America's Best Employers, and the Boston Globe's Top Places to Work. These include over-communicating and truth-telling, trusting your people again and again, holding managers accountable for being great at what they do, allowing employees flexible schedules and open vacation time, challenging your people to put the company out of business with new and revolutionary ideas, and welcoming back boomerang employees. Many executives talk about how "their people are their greatest asset." Ain challenges leaders to "walk the talk" and put people first, whether they oversee a team of five or an organization of 500,000. When they do, employees won't be the only ones who thank them. Customers and shareholders will, too.

This timely volume contains a series of informative and thought-provoking articles by experts in their fields. Together they provide a detailed assessment of the political, economic, and religious forces affecting the major oil rich states of the Arabian Peninsula, along with a comprehensive analysis of the primary forces affecting economic and resource development in that region. Topics discussed include historical areas of underlying conflict, regional analyses of pivotal forces and trends, Islamic influences upon the concept of labor, the subtleties of cultural differences and the transfer of technology, and employment contracts. Specific chapters provide resource profiles of the major Arab states in the Persian Gulf, along with statistical projections of future resource needs. In the concluding chapter, the editors offer a comparative analysis of the human resource requirements of the smaller Gulf states, along with practical applications for human resources management. The volume also contains a select bibliography, charts on Kuwait and the United Arab Emirates, and a chart on comparative Western and Islamic organizations.

Any employee can sue any employer at any time, and for just about any reason. There is no such thing as a bulletproof personnel decision. It's no wonder businesses fear lawsuits from employees—they are costly in terms of time, money, and distraction. But fear not. The Employer Bill of Rights: A Manager's Guide to Workplace Law is a practical handbook designed to help managers and business owners navigate the ever-changing maze of labor and employment laws, rules, and regulations. Following its practical guidelines will help you deter most lawsuits and place you in the best possible position to defend those that ultimately are filed. Your expert guide, employment attorney Jonathan T. Hyman, shows you how to assert your rights to protect your investment in people, operations, facilities, and other assets—all with any eye to maintaining a more productive, harmonious, and profitable workplace. In addition, The Employer Bill of Rights: Explains in practical and plain language the key legal issues that managers face on a daily basis in managing their employees. Describes how to make personnel decisions that will help you avoid costly litigation. Explains the who, what, why, when, where, and how of each of the major federal employment discrimination acts. Tackles cutting-edge human resources issues such as wage-and-hour disputes and managing social media in the workplace. Shows how to hire and fire employee without the fear of an expensive discrimination lawsuit. Describes how to control your operators by implementing legal policies and procedures related to plant shut downs, employee scheduling, work rules, and the maintenance of confidential, critical information. Proposes recordkeeping practices designed to support your decisions. Shows why you should follow the Golden Rule in all personnel matters with your employees. No personnel decision or policy is litigation-proof, but The Employer Bill of Rights: A Manager's Guide to Workplace Law will help you make informed decisions to hedge against and avoid the biggest blunders and errors that too often result in expensive and time-consuming lawsuits.
