The pre-Columbian Aztecs are a tough people to really know, not only given their own tendencies towards self-glorification, but also because the systematic Spanish attempt to eliminate the existing structure and memory of Aztec society in order to replace it with something more palatable and familiar was successful, and therefore scattered records and summarized codices are in large part all we have.

Aztecs begins from the historical and chronological perspective, with the migration of the Mexica or the Aztec people from the north down to the Valley of Mexico. The book goes on to describe the rise of the Mexica people from an insignificant tribe that was almost wholly annexed, to an established community that was brutal as well as imperial in nature.

The Aztecs were a Pre-Columbian Mesoamerican people of central Mexico in the 14th, 15th, and 16th centuries. They called themselves M?xihcah. The capital of the Aztec Empire was Tenochtitlan. During the empire, the city was built on a raised island in Lake Texcoco. Modern-day Mexico City was constructed on the ruins of Tenochtitlan. The Spanish colonization of the Americas reached the mainland during the reign of Hueyi Tlatoani Moctezuma II. In 1521, Hernán Cortés, along with an allied ...

Meaning of Aztec Sacrifices
. For the Aztecs, human sacrifice fulfilled multiple purposes, both at the religious and socio-political level. They considered themselves the "elected" people, the people of the Sun who had been chosen by the gods to feed them and by doing so were responsible for the continuity of the world. On the other hand, as the Mexica became the most powerful group in Mesoamerica, human sacrifice acquired the added value of political propaganda: requiring subject states ...
