MLA documentation style, and copyright law

What is the nature of law as a form of social order? What bearing do values like justice, human rights, and the rule of law have on law? Which values should law serve, and what limits must it respect in serving them? Are we always morally bound to obey the law? What are the philosophical problems that arise in specific areas of law, from criminal and tort law to contract law and public international law? The book provides an accessible, comprehensive, and high quality introduction to the major themes of legal philosophy written by a stellar international cast of contributors, including John Finnis, Martha Nussbaum, Fred Schauer, Onora O'Neill and Antony Duff. The volume is an exceptional teaching tool that provides a critical introduction to cutting-edge work in the philosophy of law.

GLOBAL AMERICANS speaks to an increasingly diverse population of students who seek to understand the place of the United States in a shifting global, social, cultural, and political landscape. America's national experience and collective history have always been subject to transnational forces and affected by global events and conditions. In

recognition of this reality, this insightful new text presents a history of North America and then the United States in which world events and processes are central rather than colorful sidelights. The narrative recovers the global aspects of America's past and helps students understand the origins of the interconnected world in which they live. By weaving together stories, analysis, interpretation, visual imagery, and primary sources from across time and place, this book presents a revised history that reflects America's -- and Americans' -- relationship to events and peoples across the continent and beyond.
