Britain's favourite homemaker presents her debut cookbook, featuring family meals that everyone will enjoy. "Most of the dishes I cook are big dishes as we are a family of six, my partner Ben and myself, my stepsons, Hal and Orion, and our sons Bay and Oscar," and so starts Kirstie Allsopp's very first cookbook. As someone who didn't learn to cook at her mother's apron strings, Kirstie has had to learn as she's gone along. Luckily she's been blessed with great advice from the cooks, bakers and chefs she's worked with and recipes inherited from friends and families over the years. In Kirstie's Real Kitchen she brings together her favourite recipes - the ones she relies on to feed her family, and whoever else happens to be around. From weekday suppers and entertaining a crowd, to dealing with fussy eaters and outdoor eating (essential for families with lots of boys), the book is full of the recipes that are at the centre of Kirstie's family life. Whether it's a quick supper that has to be expanded to cater for last minute arrivals, a breakfast fry-up to lure a recalcitrant teenager out of bed, or a school gate bake to impress the most competitive mum, Kirstie's instinctive warmth and style shows how to make something special out of the everyday. Packed with delicious recipes and stories from family life, the book gives a unique glimpse into the kitchen of the Queen of home-making, Kirstie Allsopp. "As much about family as it is about food, with a good mix of trendy, comforting and indulgent." - The Lady

More than 100 fun food-crafting ideas that will engage, delight, and amaze kids—from actress, entrepreneur, and mom, Sarah Michelle Gellar, and former Martha Stewart Living editor Gia Russo. Why stop with making basic brownies? Why not put them on a stick and decorate them? Why not take boring broccoli and turn it into a yummy cheese muffin instead? Sarah Michelle Gellar learned quickly that to get her kids to be adventurous with food, she had to involve them in preparing it. She wanted that process to be fun and help them develop self-confidence, creative thinking, and even math skills! So Sarah and co-author Gia Russo came up with more than 100 fun food-crafting ideas that take basic food preparation to a surprising new level. Organized by month, the book offers projects for every occasion and theme, including Super Bowl, Valentine's Day, Shark Week, Halloween, and even a Star Wars Day with licensed Star Wars creations! The possibilities are endless!
