Machine Learning for Beginners: An Introduction to Neural ...

Neural networks are one approach to machine learning, which is one application of AI. Let's break it down.

Artificial intelligence is the concept of

Networks *Page 17/44*

File Type PDF Machine

Learning With Neural

machines being able to perform tasks that require seemingly human intelligence. Machine learning, as we've discussed before, is one application of artificial intelligence. It involves giving computers access to a trove of data and letting them search for optimal solutions.
