research and its impact on educational practice. The importance of self-directed learning for learners in the 21st century to equip themselves with the necessary skills to take responsibility for their own learning for life cannot be over emphasised. The target audience does not only consist of scholars in the field of self-directed learning in Higher Education and the Schooling sector but includes all scholars in the field of teaching and learning in all education and training sectors. The book contributes to the discourse on creating dispositions towards self-

Can deal more effectively with tough situations and difficult people and dramatically improve your performance and confidence. You must learn that the easiest way to an easy mind is to create an easy mind. This is done by practice and by the application such as "Believe in yourself and in everything you do", "Build new power and determination", "Improve your personal and professional relationships" and "Be kind to yourself" etc.
