My Mother is a liar was created by Shelby. Hey everyone. My mother is a compulsive or pathological liar. I am 33 years old and have been dealing with this behavior all of my life. It was easier to overlook when I was younger, because I wasn't a target of her lies. However since I've grown and started a family of my own, she not only lies, she constantly lies about me.

A pathological liar may not break their gaze when speaking to you. It's normal to look away on occasion in conversation. A pathological liar, however, will stare you in the eyes for as long as you talk. You also may notice subtle signs of lying in the eyes. A pathological liar's pupils may dilate slightly, and they may also blink slowly.
