Meticulously research, The Scramble for China should be hugely informative in explaining to westerners the treatment meted out to China in the nineteenth century. Certainly, it does paint a vivid picture of the buccaneering activities of the foreigners as they forced China to trade on terms that they set unilaterally in the infamous "unequal treaties" so

The Scramble for China also deserves attention for its cool, incisive treatment of some enduring issues. For example, Bickers' treatment of the Qing court does not attempt to conceal, indeed brings out the subtlety of its position as both Manchu in its internal identity and Chinese on an international level.

**The Scramble for China: Foreign Devils in the Qing Empire**...

"The Scramble for China" is both highly original and brilliantly written - it reimagines these encounters between two equally arrogant and scornful civilizations, whether from the point of view of a Chinese governor or a British soldier. It is an epic of squalor, romance, brutality and exoticism, and it changed the world.

**The Scramble for China** (豆瓣)

The Scramble for China is an epic, dynamic account of a century of Sino-foreign interactions, confrontation and confusion. Told from both the Western and Chinese point-of-view, Robert Bickers ' book examines how events such as the opium wars or the Boxer uprising have impacted upon China ' s relations with the world.

China in 1910 Concessions in China were a group of concessions that existed during the late Imperial China and the Republic of China, which were governed and occupied by foreign powers, and are frequently associated with colonialism. Most had extraterritoriality and were enclaves inside key cities that became treaty ports.
